# **WEATHER KEY POINTS**

**10/29/20 - 11/04/20**

## **Thursday-Wednesday**

- A warming trend and lighter winds are expected through next week, though fire weather conditions will remain elevated due to continued dry fuels and dry weather across the state.
  - Increased offshore winds are expected across southern coastal CA Saturday night through Monday, bringing another round of elevated to critical fire weather conditions to the area.
- Light precipitation is possible across far northern California early next week, but rain amounts do not appear significant at this time
